Dear Dale,

2022 represented a challenging year for many ministries. Through these challenging times we truly recognize and appreciate the commitments you as a church made to impact this world, especially Wesley College's students and the church in Tanzania.

We can't thank you enough for your commitment to Wesley College Foundation in 2022. We also give thanks for your continued commitment in the future to change lives and form servant leaders.

"Yours is a gift of love that is changing students lives both economically and spiritually. New churches are being started and not only are students being changed, but community members are experiencing the love of Christ through your support."

-Dr. Ed Franklin, *Board President*

Your total amount for 2022 was \$2,000.00. With that amount of giving- your impact has provided tuition for a year for 1 student. I can't thank you enough for being a partner in our work.

If you have any questions about your 2022 impact and or ways in which we can partner together in the future, please contact me at 731-616-8506 or [esoard@wesleycollegetz.com](mailto:esoard@wesleycollegetz.com).

With gratitude,

Rev. Eric Soard  
Executive Director, Wesley College Foundation
